DAILY DART

WSP USA FIELD SERVICES DISASTER AWARENESS REPORT

October 19, 2026

Tropical Activity – Atlantic

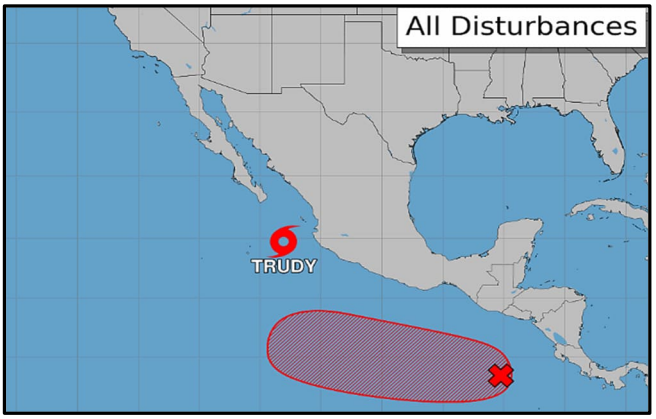

Disturbance 1

- Located a few hundred miles off the southeast coast of the U.S.
- The system is expected to move NE away from the eastern United States this week, and conditions are expected to become unfavorable for development.
- Formation chance through 48 hours: Low (near 0%); 7-days: Med (40%)

Tropical Activity – Eastern Pacific

Tropical Storm Trudy

- Located 155 miles WSW of Cabo Corrientes Mexico, moving W at near 6 mph with maximum sustained winds of 60 mph with higher gusts.
- Rapid weakening is expected to continue today, and Trudy is forecast to degenerate to a post-tropical cyclone by tonight.
- Tropical-storm-force winds extend outward up to 70 miles from the center.

Disturbance 1

- Showers and thunderstorms are located several hundred miles south of Guatemala.
- Conditions appear conducive for development and a tropical depression is expected to form around the middle of this week.
- Moving westward to WNW at around 10 mph.
- Formation chance through 48 hours: Med (50%); 7-days: High (90%)

Tropical Activity – Western Pacific

Typhoon Champi (CAT 4)

- Tropical Storm Champi strengthened rapidly into a super typhoon as it approached Guam.
- On October 18, 2026, it passed approximately 10 miles south of Merizo, Guam, bringing damaging winds, heavy rainfall, hazardous surf, and potential coastal flooding.
- Although the storm's most destructive winds remained concentrated over southern Guam, tropical-storm-force winds affected other parts of the island.
- The strongest winds affected southern Guam, with the potential for severe damage to metal-roofed and poorly constructed homes, fallen trees, damaged roofs, and utility infrastructure

October 19, 2026

- As of the morning of October 19, 52% of the island remains powered.
- Guam officials are in the recovery and assessment phase.

Disaster Declaration Request

Florida

- Hurricane Isaias made landfall near Destin, Florida, at approximately 9:30 p.m. EDT on October 9, 2026, as a Category 2 hurricane with maximum sustained winds of 105 mph. The storm produced destructive winds, storm surge, inland flooding, widespread tree and utility damage, and significant residential impacts across Northwest Florida.
    - Peak observed conditions: Gusts of 116 mph near Santa Rosa Sound and 100 mph near Pensacola; preliminary coastal inundation of approximately 5.6 feet at Panama City Beach.
    - Power: Approximately 448,000 customer accounts were without power early October 10; 95% of customers in affected areas had been restored by October 13.
    - Fatalities: At least four storm-related deaths were confirmed across Florida and Alabama by October 11; Florida incidents included a tree falling on a residence and carbon-monoxide poisoning associated with generator use.
    - Emergency posture: Florida declared a state of emergency for 27 counties. FEMA issued Emergency Declaration EM-3655-FL for the incident period beginning October 6.
- The most consequential impacts were concentrated in the Florida Panhandle.
    - Escambia and Santa Rosa counties experienced extreme wind, tree, roof, and utility damage.
    - Santa Rosa County residents have already reported more than $165 million in estimated damages to private property from Hurricane Isaias.
    - The self-reported damage, as of Oct. 15, comes from more than 2,500 reports through the Property Appraiser's damage report form. More than 80 structures have been classified as destroyed; around 300 structures have sustained major damage; over 600 structures have sustained minor damage and over 2,000 structures have been affected.
    - Okaloosa and Walton counties were near the landfall area and sustained storm-surge, wind, transportation, and coastal impacts.
    - Bay County recorded the highest preliminary coastal inundation cited in early reporting.
    - Holmes and Washington counties reported severe power disruption and inland impacts.
- On October 15th, Florida requested a Major Disaster Declaration, seeking Individual Assistance for eight counties (Bay, Escambia, Gulf, Holmes, Okaloosa, Santa Rosa, Walton and Washington).
